WORKING IN HARMONY FOR OUR CHILDREN!

“BUY IT IN ANDERSON” COUPON BOOKS

These coupon books are a great way to support the work of FHIMA without any cost to you!! We can say that because it is easy to recoup the price of each book through the use of just a few of the many great coupons offered.

Family Example #1 – We have two Hondas in our family, and by using just two of the four coupons available for ½ off the cost of an oil change, we recoup our \$25.

Family Example #2 – Last week-end I had my hair cut in a new style, got a manicure and pedicure, and then went out to dinner at great local restaurant with my husband to celebrate our anniversary. Using coupons in the book, I saved \$29 recouping my initial cost in just one day.

Family Example #3 – Our son just joined the band at school. Yesterday, we signed up for private lessons, purchased the music book required and stopped for lunch at his favorite place to celebrate. By the end of the day I had recouped the cost of my coupon book, and there are still so many coupons left to use!

The combinations and possibilities are endless. Please consider supporting your child’s music endeavors with this easy and practical fundraiser. You can also purchase a Fund Card which gives a 10% discount at many local businesses.
